THE SOUTHWEST UNCERTAIN WHAT'S DE RIGUER FOR A PRESIDENT

COMMITTEES ARE

Texas, Oklahoma, New Mexico and Arizona Towns Are Bothering Their Heads About What to Wear When Mr. Taft Pays Them a Visit.

Austin, Texas Sept. 1.—The local reception committees of the towns and cities of Texas, Oklahoma, Arizona and New Mexico, which are to greet President Taft when he makes his trip through the southwest in October, are bothered over the question of clothes

In some of the towns the discussion of how the members of the reception committee should be rigged out on the momentous occasion is being carried on in the columns of the local newspapers. There is a wide difference of opinion on the subject. In El Paso some of the committeemen believe it would be proper for them to all dress in a kind of uniform, others say dress suits and top hats are the right caper, and still others want the committee to adopt the charro suit of the Mexican ranchero.

In New Mexico and Arizona the situation is just as bad. In the towns out there the committees yow almost as one man that they will not discard their white sombreros and boots for any visitor, no matter if he is president of the United States.

In San Antonio J. P. Kirkpatrick has been posting himself on the rules of elegance on such occasions. He has reached the conclusion that each member of the committee should be permitted to welcome the president in whatever kind of attire he may choose to wear. He believes Mr. Taft would be better pleased and be made to feel more at home if the least possible formalities were shown in the greetings. Judge Charles W. Ogden, who is the head of the San Antonio reception committee, is also or this

When the president gets down in the cattle country below San Antonio the local reception committees will make up in heartiness of their welcome what they may lack in stylichness of clothes. The dress question is not worrying them any down there.

It is in the would be social centers of Oklahoma where the local committees are supposed to set the standard in etiquette that the greatest excitement exists over the dress probd at em. In some of the Oklahoma towns V scial committees have been appointed to investigate precedents and make full reports as to just what is the proper attire for them when Mr. Taft makes his visit.

Why Druggists Recommend Chamber-lain's Colic, Cholera and Diarrhoea Remedy

Mr. Frank C. Hanrahan, a prominent druggist of Portsmouth, Va., says, "For the past six years I have sold and recommended Chamberlain's Cofic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference."
